

PQΔge
BODY

PROMOITALIA
MEDICAL AESTHETICS

Active ingredients conveyed with the **"PQAge system"** to penetrate deeply and to eliminate the most common imperfections of the body's skin.

Strong **LIPOREDUCING** action

Intense **DRAINING** effect

Immediate **FIRMING** action

Extraordinary **BIORESTRUCTURING** effect

PQAge Body is formulated with specific ingredients suitably conveyed:

- Fibroblast growth factor (FGF)
- Modulated chloroacetic acid
- Lactobionic acid
- Deoxycholic acid and Phosphatidylcholine
- Caffeine and Carnitine
- Horse chestnut and Centella asiatica extract

The deep penetration allows to reach specific targets in a *non-aggressive way and without irritation.*

Contains 6 vials, each of 30 ml

THE NON-AGGRESSIVE CONVEYANCE SYSTEM

Liposomal micro-shuttle

Liposomal structures protect the growth factor from the acidic environment. This reaches the membrane receptors intact causing an increase both in cell production and in replication speed. A quick and effective stimulation.

Glyne complex

PQAge Body contains two types of Glyne Complex:

- **Glyne HA** carrier complex based on glycolene containing modulated restructuring acids
 - **Glyne VEG** carrier complex containing plant extracts and functional bio-active substances
-

PQAge Body is an exclusive, **powerful product able to revitalize skin in a single treatment, conferring uniformity of skin color**, elasticity and comfort.

PQAge Body is highly indicated for:

- Treatment of localized fat deposits
- Thighs / Inner arms
- Abdomen
- Inner thighs
- Hips
- Body toning
- Treatment of stretch marks
